Key Findings

- Coordinated content from all resource programs; and edited, designed, produced, and published the report (print and online) following its review and approval by ACA's Board of Directors.
- Edited all annual project summaries from the resource programs and posted them on our website.
- In all, 75 copies were printed and distributed to ACA offices and stakeholders. An online version is available at www.ab-conservation.com/publications/annual-report/

Abstract

Our *Annual Report* informs our stakeholders how ACA has used funding, details on the conservation outcomes achieved, and how ACA has performed relative to its stated goals. Our Board of Directors received and reviewed the 2021/22 Annual Report for approval. The *Annual Report 2021/22* was posted on our website by September 2022.

Introduction

Our *Annual Report* provides stakeholders with information on fund use, what conservation outcomes, and how Alberta Conservation Association (ACA) has performed relative to its stated goals.

Methods

Our Information, Education, and Communications Program team coordinates content from the other resource programs, then edits the content and designs and produces the report. Once reviewed and approved by ACA's Board of Directors, the report is published and posted on our website.

Results

The *Annual Report 2021/22* was provided to the Board of Directors in a timely fashion for approval, and was posted on our website by September 2022. The annual summaries were successfully coordinated, edited, and then posted on our website in May 2022.

Conclusions

This publication provides accountability and fiscal responsibility from levies, partnerships, and donations. Each project is summarized along with a list of partners who are so integral to the work we do.
