

**Alberta Conservation Association
2024/25 Project Summary Report**

Project Name: Annual Report

Information, Education, and Communications Program Manager: Tara Holmwood

Project Leader: Amanda Gill

Primary ACA Staff on Project: Charmaine Brunes, Amanda Gill, and Tara Holmwood

Partnerships

Not applicable

Key Findings

- Coordinated content from all resource programs, and edited, designed, produced, and published the 2023/24 *Annual Report* following its review and approval by Alberta Conservation Association’s Board of Directors.
- In all, 50 copies were printed and distributed to Alberta Conservation Association (ACA) offices and stakeholders, and a digital version is available on ACA’s website.

Details

Our *Annual Report* informs our stakeholders how ACA has used funding, details on the conservation outcomes achieved, and how ACA has performed relative to its stated goals. Our Board of Directors received and reviewed the 2023/24 *Annual Report* for approval at the Annual General Meeting in August 2024. In all, 50 copies were printed and distributed to ACA offices and stakeholders. A digital version was posted on ACA’s website by September 2024:

<https://www.ab-conservation.com/publications/annual-report/>.

Our Information, Education, and Communications Program team coordinates content from the other resource programs, then edits the content and designs and produces the report.

This publication provides accountability and fiscal responsibility from levies, partnerships, and donations. Each project is summarized along with a list of partners who are so integral to the work we do.
