 - e. At the request of the ACA contact, provide a presentation on the project.
4. **OVERSPEND:** Assume responsibility for any expenditure of funds beyond those approved in this agreement.
5. **CAPITAL ASSETS:** All capital assets (equipment with a useful life greater than one year worth over \$500) purchased for the project with ACA funds are the property of the ACA, and accordingly the ACA must be made aware of any assets purchased. In special cases assets may remain the property of the recipient. Assets purchased with ACA funds are to be returned to the ACA Contact upon completion of the project. In special cases, assets may remain the property of the recipient.

C. Additional Specifications

Inspection and Audit. ACA is entitled to have its authorized agents review files, documents, accounting records, the premises of the RECIPIENT, and any other locations and assets pertinent to the project in order to assess whether the RECIPIENT is in compliance with this Agreement.

Termination. If the RECIPIENT declines to continue with the project once funds have been disbursed, or has breached any of its obligations pursuant to this Agreement, ACA may pursue remedies at its discretion, including giving written notice of termination of support to the RECIPIENT, and after 10 days may demand payment of any portion of the funds that have not either been expended, or committed to be expended at that date.

Force Majeure: If the performance by either party (ACA or Recipient) of any of its obligations under this Agreement is delayed or prevented by circumstances beyond its reasonable control, including without limitation acts of God, war, terrorism, pandemics, epidemics, or insolvency, that party will not be in breach of this Agreement because of that delay or failure in performance.

Pandemic: ACA believes we have the financial stability to weather any future pandemic-related crisis and we continue to fund a wide range of conservation related projects. However, owing to the potentially rapidly changing environment that could happen in a pandemic, there is the possibility that in the future ACA may find itself in a situation where significant cost cutting must occur in order to ensure the long-term viability of the organization. By accepting this Cooperative Project Agreement, the Recipient acknowledges and accepts that, due to a pandemic crisis, funding may be terminated with 30 days of notice. All expense incurred as part of the project as of the date of the termination will be covered by ACA. ACA will make all reasonable effort to avoid having to terminate funding.

Intellectual Property and Data Ownership: Unless ACA staff are directly involved in the development of the intellectual property, ACA claims no ownership or rights of any kind over intellectual property developed, as a result of this funding. In addition, ACA claims no ownership or rights of any kind with respect to any data collected, as a result of this funding. However, by accepting this funding the Recipient agrees that the results of the project and the raw data, will be made publicly available, within 48 months of the funding end date, unless otherwise agreed to by ACA. If the Recipient does not make the results and/or data publicly available within the agreed to timeframe, then ownership of all raw data will revert to ACA. The Recipient will immediately supply the raw data to ACA and ACA will make the data public immediately.

D. Acknowledged by RECIPIENT and Signatures
